

Additional Contextual Information

1. Funding amounts presented in the table are estimates based on the latest school level enrolment data as reported to the Department of Education and Training in the 2018 Schools Census. When the enrolments, or composition of enrolments, at a school changes, the amounts in the table will be adjusted accordingly.
2. Some of the schools presented in the table belong to approved systems. For these schools, funding is provided to the system as a lump sum to the system authorities for them to distribute to their member schools.
